Engraving
ART

Engraving Art™ is a relaxing way to create beautiful engravings. Simply use the tool in the kit to scrape away the preprinted design, revealing the foil below. In no time patterns come to life with realistic depth, dimension and textures. The artwork design is preprinted onto the art board using a light color to help guide the artist when scraping. This format offers projects that can be easily tackled in a short time frame. Engraving Art™ is ideal for anyone interested in the art of scraperboard.
