

BRUSH CATALOG

Vol.11

Welcome to Royal & Langnickel and our products.

Royal & Langnickel is a pioneer and recognized leader in developing, manufacturing and marketing superior grade art and craft brushes with over 60 years of brush-making experience. The driving force behind our success is simple; we consistently anticipate the needs of our respective industries by listening and acting on our customers' suggestions. We surpass customer and consumer expectations by maintaining a passionate commitment to excellence and fostering a spirit of innovation in the Art of Brushes™. Additionally, we offer a wide selection of art materials, art activities and accessories as can be viewed in our other catalogs.

As a family-owned and operated company, our reputation has been built on integrity, quality and innovation. Our products are carefully conceived and designed to meet and exceed the needs of the market while increasing your profitability and amplifying your sales. We go above and beyond to assure that customer orders are processed with the highest fill rates and reliable on-time deliveries. We achieve this by maintaining an international infrastructure which facilitates an unparalleled ability to deliver on-time and on-target. As such, we hope to earn the privilege of being your strategic supplier of art products.

Over the years, we have proudly been awarded several utility and design patents for our products. We have developed some of the best quality synthetic filament brushes with performance and durability in mind. Our natural hair brushes have unsurpassed quality and our blends of natural bristle and synthetic filament give the right balance of strength and resilience. Our production methods capitalize on state-of-the-art brush-making technologies. We maintain strict production quality controls and conform to global standards including a companywide pledge to green manufacturing principles. In addition, our company is proactive and maintains a strong commitment to health and safety certification.

Explore this catalog and you will discover a comprehensive range of brushes renowned for their reputation of high quality and strong value. You will see many reasons why artists around the world prefer our products. Regardless of the media, when looking for brushes, we have got you covered.

This is not just another brush catalog. It is a valuable directory designed to help you understand what brushes will best suit your needs. Most of the brushes are shown actual size so you get a feel for their shape and purpose. We have created guides to help you through the selection process. Choose the ideal brush based on hair-type, media and quality. The color-coded keys on each page will help narrow your search.

Thank you for choosing our products. On behalf of the entire Royal & Langnickel family, we look forward to meeting your art supply needs.

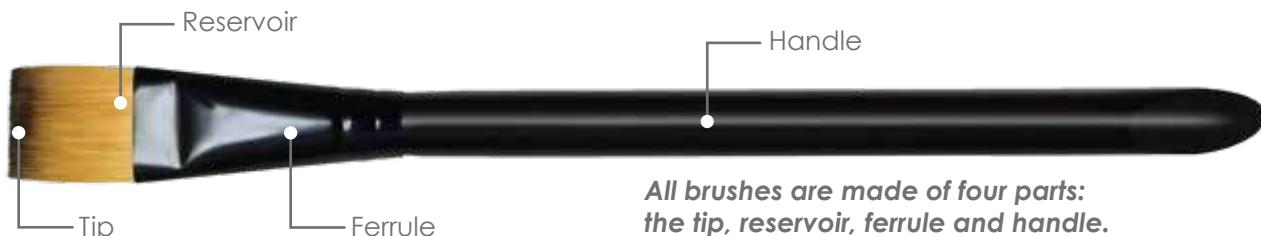

George M. Dovellos, President
Royal & Langnickel Brush Mfg.

ANATOMY OF A BRUSH™

All brushes are made of four parts: the tip, reservoir, ferrule and handle.

HAIR TYPE

The quality and availability of a natural hair affects the price of a brush. The mixture of different diameters of synthetic filaments also determines the cost, as each filament is individually extruded.

hair type	density
Pony	Soft Natural Bristle
Fitch	Soft Natural Bristle
Camel	Soft Natural Bristle
Sable	Soft Natural Bristle
Squirrel	Soft Natural Bristle
Ox	Medium Natural Bristle
Goat	Soft Natural Bristle
Boar or Hog	Stiff Bristle
Synthetic, Multi-Diameter	Soft to Medium
Nylon	Medium to Stiff
Synthetic Bristle	Stiff

HANDLE TYPE

The handle type can determine the cost and durability of a paint brush.

handle type	benefits
Acrylic	Best for water-based mediums. It will not absorb water and therefore will not expand and contract. The beveled end is used for burnishing, scraping, and removing color. Very durable.
Kiln-Dried Hardwood	Assures that brush heads stay firmly crimped.
Polymer	Economical, excellent for water-based mediums as it will not absorb water. Very durable.
Silk Touch™	A rubberized coating used to add comfort for the artist and protect the brush handle.

FERRULE TYPE

The ferrule is one of the most important parts of the brush because it holds the bristles and connects all parts of the brush. Best quality ferrules can represent up to one-third the cost of the brush.

ferrule	benefits
Plated Brass	The highest quality ferrule, nickel, copper, gold or black-plated brass represent the most durable ferrule. They are used on best quality brushes. They do not rust and will not deform easily.
Aluminum	Seamless aluminum ferrules are rust proof and will not allow solvent to affect the brush head. An aluminum ferrule is softer than brass and as a result can be deformed more easily.
Plastic	A plastic ferrule is typically used for disposable brushes.

HANDLE LENGTH

The type of medium used and the amount of small detail being painted determines the choice of handle length.

handle length	uses
Standard	Also known as watercolor length. This brush length is ideal if you like to work close to your painting.
Long/Easel	Used for oil and acrylic painting at an easel. A long handle brush allows the artist to step back from the painting to get a better perspective of what is being painted.
Short	Usually used on craft brushes or brushes designed for children. Allows the artist to be closer to their work for more control.
Ultra Short/Mini	An ultra short brush handle is best for very small detail work. This brush length is ideal for miniatures and models.

HOW TO SELECT BRUSHES

Look for the star rating near the top of each page.
The more stars you see, the better the quality.

Best Quality ★★★★★

Best brushes are made with top quality hairs, handles and ferrules and are manufactured to the highest exacting standards.

Better Quality ★★★★★☆

Better brushes provide an upgrade in quality and in manufacturing standards.

Good Quality ★★★☆☆ | ★★☆☆☆ | ★☆☆☆☆

Good brushes are perfect for beginners of all ages and for those who wish to experiment with a different style or type of brush. A three star rating is a slightly better quality than a two star and a two star is slightly better than one.

head filaments	medium	surface
Soft Natural 	Acrylic, adhesives, alkyds, craft acrylics, gouache, glass paints, oils, tempera, watercolor, hobby paints	Canvas, canvas board, masonry, wood, glass, glazed ceramic, ceramic bisque, metal, plastic, plaster, silk, masonite, rocks
Bristle (natural or synthetic) 	Adhesives, oils, gel mediums, tube (high viscosity) acrylics – generally for heavier bodied media	Canvas, canvas board, masonry, wood, masonite, concrete, ceramic bisque
Synthetic 	Acrylic, adhesives, alkyds, craft acrylics, gouache, glass paints, oils, tempera, watercolor, hobby paints, fabric paints	Canvas, canvas board, masonry, wood, masonite, glazed ceramic, ceramic bisque, metal, plastic, plaster, all fabric, concrete

BRUSH STORAGE AND CARE TIPS

1. Wood handle brushes should always be stored flat or hanging down to prevent water from soaking into the handle.
2. Acrylic brushes should be stored flat, but can be stored upright if most of the water has been dried from the hairs.
3. When storing natural hair brushes for the summer or long periods, dip the brushes in liquid hand or dish soap, wipe the excess, reshape the head, and allow the brush to dry. This will seal the hairs, eliminate mites from getting to the brush, and ensure the brush head keeps its shape.
4. Do not store brushes in cramped quarters where the hairs can get bent out of shape and break.
5. While brushes are not made to last forever, good care can help extend their life time significantly.

- If acrylic paints dry in the hairs, the brush may be ruined, the hairs permanently damaged.
- Try not to soak handles. Water levels should only be to the crimping on the ferrule. Wetting handles will cause cracking and loosening of the ferrules. Dry handles after every cleaning.
- Clean immediately after painting. Do not let any paint sit or dry in the hairs.
- Occasionally, you can clean the brushes with regular hand soap, reshape and let dry.
- Be gentle when using cake paints. Coarse scrubbing can permanently damage the hairs and force paint into the ferrule.
- For natural hair brushes, occasionally use brush conditioner. This will keep the hairs from drying out and breaking.

CLEANING BRUSHES

Water-based media: Rinse the brush several times in clean water. Lather (use a good brush cleaner) up the brush and swirl it around in the palm of your hand, then rinse; continue until all of the rinse water is colorless and all of the cleaner is removed.

Other media: Rinse the brush in solvent until all of the color is removed. Wipe the brush back and forth on paper towel or rags to work the solvent throughout the brush and remove all color.

CHOOSING THE RIGHT BRUSH

Choose just the right style of brush from our wide selection to get exactly the stroke or texture you want. The guide below will help you pick the best tool to achieve the right look.

taklon round
Paint broad lines,
round areas,
stroke work

taklon fan
Blend colors, create
texture, grass,
fur, foliage

angular
Paint angled shapes,
sharp edges and
float colors

comb™
Paint multiple
lines in one
stroke for fluffy
Santa beard

natural mop
Blend delicate
colors and soften
edges of objects

shader
Blend or float
colors, lettering,
and basecoating

natural round
Paint broad
lines, round areas,
stroke work

ox glaze
Blend colors,
apply glazes,
and basecoat

natural flat
Blend or float
colors and
basecoating

glaze/wash
Float and blend colors,
make broad square
strokes and basecoat
large objects

filbert
Paint and blend
round petals,
leaves and strokes

Stencil
Stencil painting or
stippling on any
surface

bristle flat
Blending heavy
colors, dry brushing,
and basecoating

bristle round
Blending heavy
colors, dry brushing,
and basecoating in
rounded areas

bristle fan
Blend colors,
create texture,
grass, fur, and foliage

**liner**

Extra thin lines,
small strokes,
and the tiniest
details

**detail**

Paint angled
shapes, sharp
edges, and float
colors in tight areas

**script**

Extra long
strokes, lines
and scrolling

**triangular**

Triple load with color
to create unique
blends in stroke work

**dagger**

Banding fine lines,
stems, long leaves
and stroke designs

**wisp™ angular**

Paint multiple lines
in one stroke, feathers,
foliage, plaids and hair

**wisp™ fan**

Paint multiple lines
with one stroke,
banding multiple
lines, curlicues and
splattering

**wisp™ flat**

Paint multiple lines
in one stroke, cross
hatching and
squiggles

**wisp™ filbert**

Paint multiple lines
in one stroke, grass,
hair, fur and detail
flower petals

**funky pouncer™**

Add texture with gels,
acrylics, oils, watercolor
stains and glazes

**natural fan**

Large area washes,
ceramic underglazes
and glazes

**hake**

Large area coverage,
washes, ceramic
under glazes and glazes

**bamboo**

Ceramic glazes,
underglazes, lettering,
strokes and washes

**tight spot**

Paint in hard-to-
reach spots

**Mr. Big Sweep™**

Fine lines, large area
washes, ceramic
underglazes and glazes

BORDEAUX™

BEST ★★★★☆

acrylic | oil

Hair	Synthetic Filament, Multi Diameter
Ferrule	Gold-Plated Brass Ferrule
Handle	Kiln-Dried Hardwood with Silk Touch™
Length	Long Handle

Bordeaux™ is Royal & Langnickel's smoothest red. It represents the ideal brush for moving and controlling all types of acrylic paint while delivering extreme durability while maintaining its sharp edges and fine points.

VIENNA™

BEST ★★★★☆

acrylic | oil

Hair	Synthetic Filament, Multi Diameter
Ferrule	Copper-Plated Brass Ferrule
Handle	Kiln-Dried Hardwood with Silk Touch™
Length	Long Handle

Vienna™ is perfect for moving large amounts of color in bold strokes, and for working with thickening mediums. Its synthetic bristle filaments taper with the natural curve of an interlocking natural bristle, and provides extreme durability by maintaining its shape and stiffness, particularly in water.

KOLINSKY ELITE™

BEST ★★★★☆

oil | acrylic | watercolor

Hair	Kolinsky Sable
Ferrule	Gold-Plated Brass Ferrule
Handle	Deep Blue Acrylic, Beveled Edge
Length	Standard Handle

Featuring the best conic hair shape available, Kolinsky Elite™ brushes are characterized by fine, long points and thick bellies. These highly-resilient brushes can pick up and spread the thickest paints.

MAJESTIC™

BEST ★★★★☆

acrylic | watercolor

Hair	Synthetic Filament, Multi-Diameter
Ferrule	Black Anodized Brass Ferrule
Handle	Black Acrylic, Beveled Edge
Length	Standard Handle

Majestic™ brushes deliver smooth even strokes. The lightweight feel of the brush, excellent color-holding capacity, durability and snap make them a favorite among artists. These brushes are ideal for watercolor and acrylic painting.

FUSION™

BEST ★★★★☆

acrylic | watercolor

Hair	Synthetic Filament, Multi-Diameter
Ferrule	Nickel-Plated Brass Ferrule
Handle	Gold Acrylic, Beveled Edge
Length	Standard Handle

Fusion™ series brushes have skillfully dyed and blended filaments that are slightly thicker and stiffer than most synthetic brushes. This unique blend gives the artist more control with higher-viscosity, fuller-bodied mediums while maintaining sharp chisel edges and fine points.

*Brushes shown at actual size

fitch brushes

These fitch brushes were designed for maximum control and manipulation of paint. The stiff bristles allow you to accommodate full-bodied paints. These brushes will retain their shape even with excessive cleaning.

SNOWHITE™

BETTER ★ ★ ★ ★ ★

acrylic | oil

Hair	Synthetic Filament, Multi-Diameter
Ferrule	Nickel-Plated Brass Ferrule
Handle	Kiln-Dried Hardwood
Length	Long Handle

Snowwhite™ is perfect for tube acrylic and other high viscosity paints. It is constructed with thicker diameter synthetic filaments that have been blended to work like a natural bristle brush, but with sharper edges and finer points.

ROYAL PURE RED SABLE™

BETTER ★★★★☆

oil | acrylic | watercolor

Hair	Pure Red Sable Hair
Ferrule	Nickel-Plated Brass Ferrule
Handle	Kiln-Dried Hardwood
Length	Standard Handle

The Royal Pure Red Sable™ has a thick belly which serves as a reservoir for paint, making it perfect for long, even strokes. Every individual hair is naturally shaped with a thick belly in the center that tapers to a needle-like point.

SNOWHITE™

BETTER ★★★★☆

acrylic | oil

Hair	Synthetic Filament, Multi-Diameter
Ferrule	Nickel-Plated Brass Ferrules
Handle	Kiln-Dried Hardwood
Length	Standard Handle

Snowwhite™ is perfect for tube acrylic and other high-viscosity paints. It is constructed with thicker diameter synthetic filaments that have been blended to work like a natural bristle brush, but with sharper edges and finer points.

SOFT-GRIP™

BETTER ★★★★☆
acrylic | watercolor | oil

Our Royal Soft-Grip™ represents the best selling single price point brush line in the world. The standard handle brushes consist of 144 unique brush styles and sizes featuring six different hair types. Each brush has an acrylic handle with our patented Soft-Grip™ for extra comfort while painting. The tip of each handle is color coded by hair type.

ROYAL KNIGHT™

BETTER ★ ★ ★ ★ ★

acrylic | watercolor

Hair	Synthetic Filament, Multi-Diameter
Ferrule	Nickel-Plated Brass Ferrule
Handle	Kiln-Dried Hardwood
Length	Standard Handle

Royal Knight™ was our first single price point and individually packaged brush assortment. It was created to simulate pure red sable. These brushes offer fine points, softness and resilience like a natural hair brush. They are ideal for the beginning artists, decorative painters and crafters.

L790-16	090672790163

These unique oriental bamboo brushes are ideal for fired colors because the high quality sable and goat hair holds color and the fine tapered points allow artists to create strokes, oriental and calligraphy-style lettering, washes and blends. Quill pens can be used to incise moist clay while laying color, all in one motion. Our hake blender brushes are perfect for kiln wash application, color washes, banding and glazing.

*Brushes NOT at actual size

Mr. Big Sweep™ is one of the most versatile brushes available. This brush can flatten out to hold large amounts of glaze and can be reshaped for brushstroke work.

BIG KID'S CHOICE™

KIDS ★★★★
acrylic | watercolor

NOT at actual size

Hair	Synthetic Filament, Multi-Diameter
Ferrule	Gold-Anodized Aluminum Ferrule
Handle	Acrylic
Length	Short Handle

Our Big Kid's Choice™ brush line has several unique features. They are color coded by hair type and handle. The synthetic hair has been carefully dyed to match the handle color. Handles have been designed to be thicker for easy use by small hands. Our Big Kid's Choice™ brushes also have a soft rubber grip for added comfort for the young artist.

BIG KID'S CHOICE™

TODDLER CHUBBY BRUSHES

KIDS ★★★★☆
acrylic | watercolor

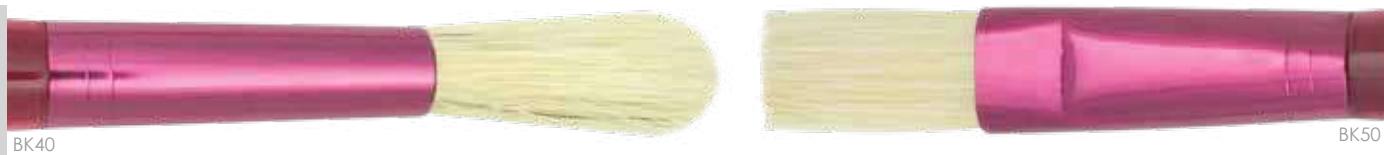

Hair	Hog Bristle
Ferrule	Multi-Color Anodized Aluminum Ferrule
Handle	Acrylic
Length	Short Handle

These brightly-colored brushes are easy for little hands to hold and use because they come with shorter, thick acrylic handles. Available in flats and rounds, these brushes come in handy for many painting projects.

PREMIER ARTIST™ CLASSROOM ASSORTMENTS

CLASSROOM ★★★★★

acrylic | watercolor | oil | tempera | ceramics

These premier brushes are perfect for the classroom. The Majestic™ brushes come with acrylic handles and dyed synthetic taklon bristles, ideal for watercolor, acrylics, ceramic colors and any other water-based colors. The Snowwhite™ have long wooden handles and white taklon hair giving the needed strength for higher viscosity acrylics and oils. The Regis™ line also has long wooden handles and natural hog bristle perfect for high-viscosity products. Sunburst™ brushes have wooden handles and golden taklon hair, great with water-based products.

Join Our Family

If you'd like to become a distributor or dealer, please contact our helpful customer service department at 800-247-2211 for complete details and an application. We accept all major credit cards and terms can be set up with completion and approval of a credit application. We reserve the right to limit the number of dealers and distributors in an area or region.

Shipping

We ship by the most economical method if specific shipping preferences are not requested. We also offer express delivery and international services. We make every effort to pack items so they are in perfect condition when they reach you. Please check shipment for concealed damage upon arrival.

Claims

If damage is apparent at time of delivery, inspect packages and alert carrier. Please note the number of packages, condition, and any missing items when signing for delivery. Also alert our customer service staff of damages or missing items within seven days of delivery.

Returns

All returns require prior approval and a RMA number from our customer service department. Royal & Langnickel will replace or credit defective merchandise, items sent in error or subject to a freight claim through properly reported loss or damage while in transit. Royal & Langnickel is not responsible for damages incurred in return transit. Please take care in packaging prior to return shipment. Customer is responsible for freight charges and insurance. We will not accept returned merchandise without prior approval or items shipped C.O.D. or collect.
